CORRAL NOTES

Fall is officially here and the weather has been such that most of the grain is in the bin and what hay there is, has been put up. Hopefully you have enough feed ready to keep all your critters fed this coming winter.

The Stockmen's has been active over the summer with a variety of events. We hosted a few brandings over the summer and played host to the Joe Pickett TV show that is set to be released sometime this fall. We also managed to have our Annual General Meeting in person on August 26th. There was a good turnout of members that approved an updated set of Bylaws and welcomed Dan Hawkwood and Trina Lowe onto our Board of Directors. On the September long weekend, we hosted students from the Range Management Team at the University of Saskatchewan. They were able to immerse themselves into Western Canadian Livestock history at the Stockmen's, tour a local ranch and also take in the Cochrane Rodeo on their weekend. The Range Team included winners from this year and last year's Friends of the Stockmen's Award. This award is eligible to any student in their second year or beyond of an Agriculture related Post-Secondary in Canada. The award was started in 2020 thanks to a generous donation by the late Dr. Bob Church.

We are gearing up for our annual fall dinner and auction. We have taken our experience from last year and, are going to again have a takeout meal and online auction, through TEAM Auction Sales once again. This year the meal will be Patsy's famous smoked prime rib with all the fixin's. The meal will be served hot and ready to eat as soon as you get it home. If you are interested in donating an item that will help support the Stockmen's and also gain some exposure for your business, we would be happy to partner with you. If you want to enjoy some great Alberta beef, then give us a call or email to order a meal.

Timely Hudson's Bay Company add from Canadian Cattlemen June 1942...

— IT HAS ALWAYS STOPPED RAINING

It has always stopped raining and blue skies have returned again—difficult times have come and they have gone—wars have begun and wars have ended many times since the Hudson's Bay Company was incorporated 272 years ago.

Our unique history has taught us always to go hopefully into the future, with the strong faith and fortitude of the pioneers who came in their covered wagons and built farms, homes, and cities out of a wilderness.

Hudson's Bay Company
INCORPORATED 27th MAY 1670.
